

## Environmental Policy Statement

Trueline Expanded Products Limited are committed to the protection of the environment including prevention and pollution. In doing so, we recognise that there are legal and other requirements that need to be met and we are committed to fulfilling all of the business's compliance obligations.

We are also committed to the continual improvement of the environmental management system to enable the business to enhance its environmental performance and to facilitate this; we regularly assess the environmental impact of our business operations and review these against our environmental objectives.

This policy is communicated to all interested parties including our customers, external providers and employees.

The Director has the overall and final responsibility for the Environmental Policy and is responsible for the co-ordination, implementation and monitoring of the policy throughout the company using ISO 14001:2015 as the framework for maintaining and reviewing policy.

Management throughout the organisation is responsible for the communication of the policy and promoting active participation at all levels, whilst ensuring that activities under their control conform to our compliance obligations.

Employees have the responsibility to actively support the company to ensure the effective implementation and maintenance of our environmental management system.

This policy is available to all interested parties upon request.
